

## March of Dimes Chapter Project

Project Deadline: Must Be Uploaded by Adviser No Later Than March 24

The March of Dimes is the **official service partner** of FBLA. For several decades, FBLA has been the largest youth partner of the March of Dimes and has brought in an excess of \$15,000,000.

To complete this project a chapter must organize and host an **Individual Chapter fundraiser**.

**Contact your local March of Dimes representative to determine how you can conduct your fundraiser in person or virtually.**

Describe the fundraiser your chapter conducted along with date, location and the number of members who participated. Send the funds to your local March of Dimes office along with a letter explaining the fundraiser. **Upload the project description, copy of the letter, and a copy of the check or money order from the funds raised.**

Please note: Only individual chapter fundraisers will be accepted. Section Conference events are no longer an option.
