

## FBLA GREEN INITIATIVE INDIVIDUAL STATE PROJECT

**Project Deadline: Must be approved in badging system by adviser no later than March 24, 2023.**

### **Individual Project Guidelines Must complete ALL required activities**

**Required Activities Must complete THREE activities in this section. Include and upload clearly labeled pictures as evidence of activities.**

1. Plant a tree. Include two photos of you and the tree. One pre-planting and one post-planting.
2. Organize a Recycling Day event in your community to collect items that can be taken to a recycling center. Include a picture of the event and a flyer promoting the event.
3. Organize a viewing of a TED TALK about recycling for your local chapter. Provide a summary of the video, including the name of the presenter and the name of the presentation. Include a photo of your chapter at the viewing.
4. Visit a company or business that participates in or has created a green initiative ("green" rewards program, solar panels, etc.) Write a paragraph describing how they implement the initiative and its importance. Include a picture of yourself virtually visiting the business.
5. Invite a representative of an organization that promotes any green initiative to talk virtually or in person to your local chapter. Include a picture of the speaker and a picture or screenshot of your communication with the professional.

**Required Activity #2 Calculate your carbon or ecological footprint and write a 100-word summary about how you will work to reduce your carbon or ecological footprint. Include a screenshot of your carbon footprint result.**
